

Dear Greenhouse Patients,

This is a difficult message to write. As you may already know, I will be closing Greenhouse Internists on December 31, 2022. I have decided to retire from the practice of medicine so that I can spend more time with my family. As the business aspect of medicine has become more complicated, few doctors want to own and manage an independent practice. For this reason, the Practice will close as of December 31, 2022. I have been at Greenhouse Internists since June of 1990 and have found it a privilege to care for all the patients that have passed through the doors of this quaint stone building.

Dr Peterson will be joining Penn Internal Medicine in Wyndmoor, Tryphena Hsi, CRNP will be joining Penn Family Medicine in Chestnut Hill, and Suzannah Maynard, CRNP will be joining Mt Airy Family Practice.

To transfer your Greenhouse medical records:

Before December 31, please complete the enclosed Medical Records Release Form, and return the form back to Greenhouse Internists by mail, fax (215-754-5331) or email (ghi@greenhouseinternists.com). Greenhouse will not be taking walk-in requests for records.

Starting January 1, 2023, requests to the Records Custodian, should be sent to Morgan Records Management* using one of the following options:

- Online: MorganRecordsManagement.com → Patient Records Requests → Request My Medical Records
- Email: Medical@MorganRM.Com
- Call: 833-888-0061

It is important for you to follow up with a new provider as soon as possible so there is no interruption in your care, especially for test results and prescriptions. Greenhouse will not be ordering routine labs or xrays after December 20 as those tests should be done by your new medical provider. If you have prescriptions for lab orders or xrays, you should get them done this month so we can review the results with you.

I have enjoyed all these years of getting to know you, being a part of your lives, and working to keep you healthy. It is hard to say good-bye, but I hope all the best for you.

Elizabeth Fabens, MD
